TEACHER'S TALK

PRIYANKA CHOUBISA

Teacher

A school is a second home for young minds, where they spend a few hours each day with their classmates and learn under the supervision of teachers.

An excellent school is one that helps students develop their cognitive and athletic skills in addition to providing high-quality education. The Shanti Asiatic School, powered by Indigo Global School, is a setting that supports kids' total growth. I am affiliated with the SAS, Dholka since June 2023, so I am qualified to speak on behalf of this institution. Before joining the SAS, I worked at two schools during my teaching career.

The school is located in lush green locality away from the noise of the city which makes it perfect for learning. I am happy to share my view about the school and the management.

The administration takes numerous substantial initiatives to improve the school's standards, which are extremely visible, such as a

- The organized and spotless classroom environment promotes comfort and interest in studying.
- Monthly once a parent-teacher meeting to share student progress and listen to parent feedback.
- Air-conditioned rooms, clean drinking water, restrooms, and sufficient support workers to ensure cleanliness and hygiene.
- To protect the safety and security of our loved ones, CCTV cameras are monitored around the clock.
- Celebration of cultural events and sharing photos of good times with parents
- Technology integration (e.g., video, graph, etc. projection on TV) in instructional methods

September Newsletter

- Students are required to participate in athletic activities.
- Allowing kids to openly ask questions to the teachers
- Encourage pupils to put their ideas into action through project work.
- Morning prayers in assembly, featuring reciting Shlokas in Sanskrit.
- Teaching the discipline to finish schoolwork on time
- Emphasize on importance of punctuality in order to arrive at school on time, etc.

The teaching program is not limited to students; teachers are also invited to participate in the external training provided by IGS.

I am grateful for the opportunity to serve in such a prestigious institution.
